### YOUR SAFETY IS IMPORTANT

Please, be mindful of our work crews while on the beach. Their job is to keep our residents and visitors safe during the project. If you come upon caution tape or temporary fencing, you may be re-routed.

If you are another government entity or business coming to check out our progress, please note you will be asked to wear personal protective equipment before being allowed into the worksite. It is an active construction zone. We ask that everyone please be patient and respectful.

Please note: Florida has a very broad public records law. Most written communications to or from CEPD Employees and officials regarding CEPD business are public records available to the public and media upon request. Your email communication may be subject to public disclosure. Under Florida law, email addresses are public records. If you do not want your email address released in response to a public records request, do not send electronic mail to this entity. Instead, contact this office by phone or in writing.

It's a fact: people don't mind scrolling to read an email, as long as it's relevant and interesting. Make sure your message follows through on the promise in your subject line, and use several short paragraphs if you have a lot to say. When in doubt, challenge yourself to write less and add links that support your topic.
